31 January 1968

Status of Merchant Shipping in North Korea
as of 1100 31 January 1968

1. The last known locations of North Korea's five merchant ships (all dry cargo ships) are given below.* Four of these ships probably are attached to the fishing fleet. The other operates in the coastal trade. None has been detected in international trade, but two of the ships may have made voyages to the China coast.

a. Wisung Ho (1,500 GRT) -- a dry cargo ship in the coastal trade. May have made voyages to Communist China. Tentatively identified in Wonsan [redacted] 3 November 1967.

b. Plyong Hwa (1,935 GRT) -- a dry cargo ship attached to the fishing fleet. Previously may have sailed to China. Identified in Wonsan of 26 January 1968.

1.5(a)(b)(c)(g)
3.4(b)(1)(2)(3)(4)
(5)(6)(9)

c. Paektu-San (7,218 GRT) -- a fish factory ship probably based in Kimchaek. Located in Kimchaek [redacted] 3 November 1967. On 27 January 1968 was identified by a North Korean submarine chaser at 9.6 nautical miles south of Yongdaegap, near Sinpo.

d. MAG I (1,987 GRT) and MAG II (1,909 GRT) -- refrigerator ships attached to the fishing fleet. One was tentatively identified in Kimchaek [redacted] 12 December 1967, and one was tentatively identified [redacted] Wonsan of 26 January 1968.

2. The last known locations of the three Polish-flag dry cargo ships operated by the Joint Korean-Polish Ship Brokers' Co. (Chopolship) are given below. These are ships previously owned and operated by Polish Ocean Lines, and presumably are still Polish owned. The Mickiewicz is under time charter to Chopolship and has a mixed Polish-North Korean crew. The others probably are under time charter to Chopolship also, but the composition of their crews is unknown.

a. Adolf Warski (6,718 GRT) -- departed Chongjin 30 December enroute Poland. Departed Pusan 20 January.

b. Mickiewicz (4,344 GRT) -- Probably arrived Hungnam 11 January and departed Hungnam 26 January after loading cargo for Djakarta, Karachi, and Huangpu to be transshipped at Singapore. On 31 Jan 0111Z was at 26:27N, 121:35E (opposite Foochow, China). ETA Singapore 4 February 1968.

* A sixth North Korean merchant ship, the refrigerator ship Daesong San, launched on 5 October 1967, was located at Nampo on 26 January 1968. This ship of approximately 2,000 GRT is still apparently being fitted out.
